WANNA
BITE?

by Cypress Vending Corp.

VENDING INFO PACKAGE

**Dear future
Nibly partner,**

**Congratulations on taking the
leap towards launching your
own Nibly vending business.**

First things first,

You're not alone. More and more Canadians are ready to leave the daily grind behind and build something of their own.

And now? You're one of them!

At Nibly, we're not just about vending machines, we're about helping driven people create flexible, profitable businesses built for the way we snack today. Whether you're starting part-time, going all-in, or building a second income stream, our proven model makes it easy to grow on your terms.

With touchscreen technology, remote tracking, and a lineup of recognizable snacks and drinks customers already crave, Nibly is a modern upgrade from the vending machines you think you know. And the best part? You're not just starting a business, you're giving people access to better snacks in the spaces they visit most often.

Inside this Investor Booklet, you will find everything you need to decide if a Nibly vending business is right for you, including:

- **Why modern vending and premium snacks are in high demand**
- **How tech-forward vending machines give you an edge**
- **What makes the Nibly model different (and smarter)**
- **The simple steps to getting started**
- **What kinds of locations are best for your vending machines**
- **Our flexible start-up packages**
- **How to grow your business with support from our team**

You're here because you're curious. You're ready to take control. So flip the page and dig in.

— Cypress Vending Corporation

Change the Snack Game

People-Focused, Profit-Driven

Nibly is built for growth. With high-demand snack and drink options, low overhead, and smart upselling, this is a business that earns while you live your life.

Responsibility With Reach

We're proud to partner with community initiatives like MADD Canada; business that does good, feels good. Plus, with curated menus, Nibly machines bring better choices wherever they go.

Crave-Worthy Convenience

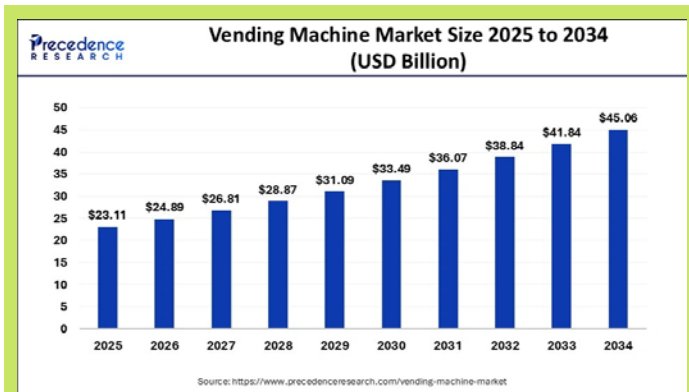

People don't just want snacks, they want better snacks, fast. Nibly's product lineup includes over 1,000 premium, recognizable brands of snacks and drinks that people actually love.

Seriously Smart Vending

Real-time sales and inventory tracking, automated combo suggestions, and tap-to-pay technology, Nibly vending machines are designed to sell smarter and run smoother, with less hands-on time for you.

Why Vending?!

Explosive Growth

SIMPLICITY THAT SCALES

The most successful businesses are often the simplest. Nibly is easy to understand, easy to launch, and even easier to grow. Add more machines, expand to new locations, and increase your cash flow. It really is that simple.

HIGH DEMAND

Modern vending is booming and Canadians are craving better snack and drink options. Nibly vending machines are leading the way with premium products and recognizable brands that customers actually want.

MASS APPEAL

From offices and gyms to campuses and co-working spaces, people want convenience that tastes good and feels good. Stock what your customers love and watch your vending business thrive.

YOUR NIBLY MACHINE IS YOUR HARDEST-WORKING TEAM MEMBER.

The bold touchscreen display works like a live billboard, it sells snacks and drinks 24/7, tracks its own inventory, and even upsells for you — all while you do your thing.

RIGHT TIME. RIGHT MARKET

The demand for premium snacks, coupled with policy change, and a shift toward on-the-go eating makes this the perfect time to launch. The vending industry is evolving and Nibly is already built for what's next.

TAX ADVANTAGES

As a small business owner, you may qualify for valuable small business tax deductions reserved for corporations including mileage, equipment, office space, phones, and more. Your business can work for you in more ways than one.

FULLY AUTOMATED BUSINESS

With Nibly, customers pay up front using tap, swipe, or scan. There is no cash handling, no invoices, no stress. Your machine's earnings go straight to your account, and your dashboard keeps you in control.

FLEXIBLE HOURS

No shifts. No clock-ins. Visit your machines when it works for you. Whether you're running Nibly full-time or as a second income stream, you set the schedule.

NO STAFF? NO PROBLEM

Your vending machine is your MVP. No training, no sick days, no payroll. Just a hard-working, 24/7 snack machine that never clocks out.

Smart

Nibly is smart vending, done right. Our 48" touchscreen machines grab attention with bold visuals and interactive menus plus, real-time sales tracking and remote inventory monitoring mean you'll always know exactly which products are selling and how your business is performing. Nibly's tap-to-pay tech accepts all major cards, Apple Pay, Google Pay and more, so your machine never misses a sale.

Healthy

Better snacks = better sales. Boasting over 1,000 premium and healthy products, Nibly gives you the flexibility to stock what your customers actually crave. Our starter menus are packed with top-sellers but you can customize your products for offices, gyms, campuses, and more. High demand, high margin, happy snackers.

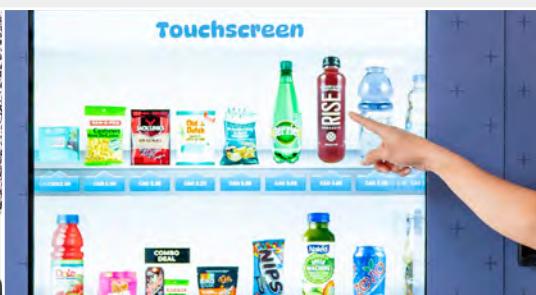

Prosperous

Passive income starts here. Nibly makes it easy to launch your vending business with all the right tools — modern machines, proven strategies, and always-on support. Our Silver, Gold, and Platinum plans give you the power to grow on your terms. Big energy, low overhead, scalable results.

Responsible

We believe better business does more good. The Nibly Vending program proudly supports MADD Canada, because safer communities matter. Our machines are energy efficient, eco-conscious, and built with recyclable components. Even our footprint is small — but our impact is big.

Techy. Tasty. Totally Smart.

Screen Time That Pays Off!

PRIME-TIME AD SPACE!

TAP INTO EXTRA REVENUE

Outside of bold visuals and catchy graphics to entice customers and spotlight products for sale, the same touchscreen promoting snacks and drinks also doubles as your smartest sales tool!

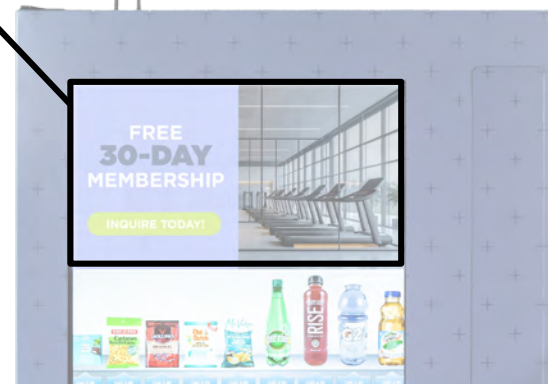

Whether you highlight gym memberships, local promos, or even your own snack offerings, the Nibly vending machine gives you an always-on platform to engage and earn. Use it to boost on-location sales, promote your own offers, or sell space to brands and businesses looking to get noticed. It's eye-catching, fully customizable, and ready to work overtime.

WHY IT WORKS

- **48" High-Resolution Ad Display:** Rotating ads keep things fresh and engaging.
- **10x More Eye Contact:** Nibly's touchscreen commands more attention than static print.
- **Local & Relevant:** Promote what matters to your audience, from offers to product votes.
- **Easy to Update:** Switch out ads, promos, or graphics with just a few clicks.
- **Extra Income Potential:** Charge as little as \$1/day per machine for display space.

**FROM
THE
CLOUD**

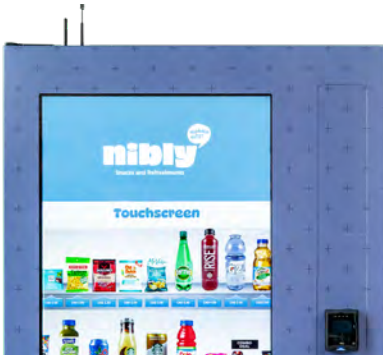

Update pricing, images, products, advertising and more from **ANYWHERE** you have access to the internet!

Go Smart. Stay Connected.

CLOUD-BASED MONITORING FROM ANYWHERE

With Nibly's cloud-based system, you can have eyes on your business 24/7, from your phone, tablet, or laptop. Track sales in real-time, monitor machine performance, and know exactly what to restock before you hit the road. No surprises, no wasted inventory, no guesswork.

**Restock
Like a Pro!**

Visit machines only when needed and only with inventory that's running low.

TAP. PAY. ENJOY!

Canada is moving rapidly towards being a cashless society, with up to 85% of Canadians reporting that they make almost all purchases using cashless payment methods. Our smart machines accept all major credit cards, debit, and mobile wallets like Apple Pay, Google Pay, Samsung Pay, and more. That means smoother transactions, zero coin jams, no bank runs, and fewer theft risks.

It's secure, seamless, and always ready to make the sale.

Tap-to-pay with debit, credit or your smart phone

Snacks and Refreshments

BOOST SALES!

CHOOSE FROM OVER 1000+ PREMIUM SNACKS & DRINKS!

The snacks you crave, the drinks you love all in one smart machine.

Nibly brings the good stuff!

The days of dusty chips and sad soda are over. Nibly vending machines are stocked with snacks and drinks that people actually want... You know, the premium, feel-good, taste-great kind. From better-for-you bites to the classics, we're changing what vending looks like.

THE RULES HAVE CHANGED, SO SHOULD VENDING

New rules in schools and workplaces mean the old stuff is out. Canadians are craving options that fuel their day, not slow them down. Luckily, Nibly delivers the goods — and the goods are really good.

YOUR MENU = YOUR MOVE

With more than 1,000 products to choose from, operators can customize every machine to suit each of their locations. Health club or gym? Go clean and green. Office lunch room? Bring on the brain fuel. Curling rink? Mix in a few classics for good measure.

PREMIUM PRODUCTS MEAN PREMIUM PROFITS

Premium products have superior profit margins. These snacks don't just taste better, they pay better too. Higher price points and healthier margins? Yes, please. In a Nibly vending machine, the average product sells for \$3.50 with an average gross profit of \$1.75 per item sold!

Snack Responsibly

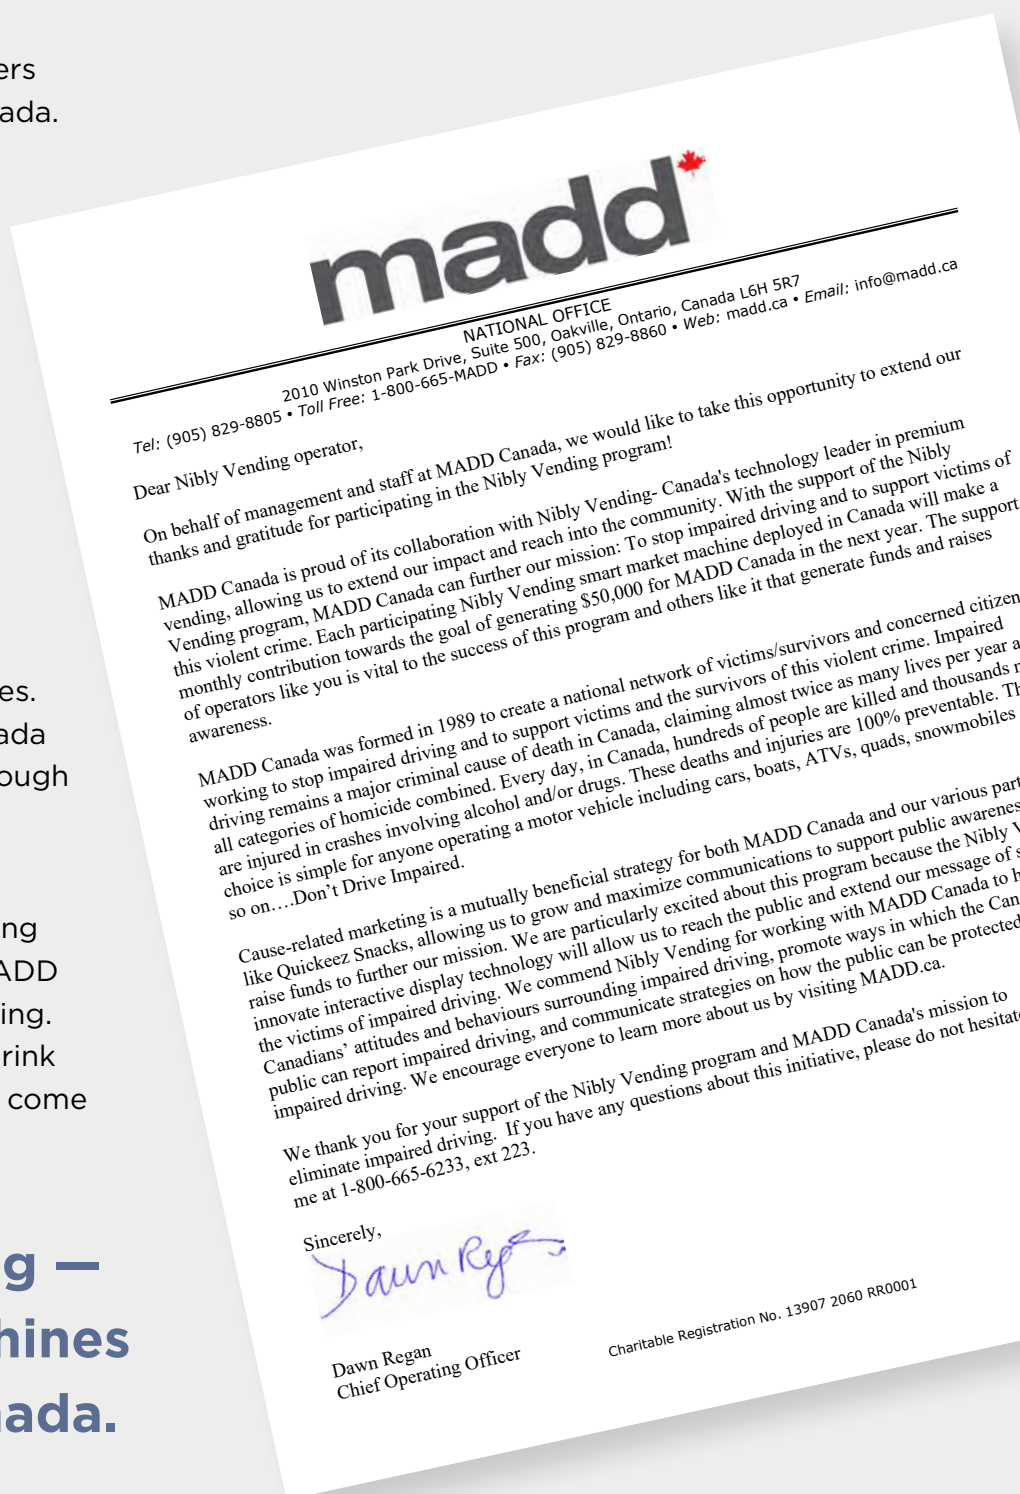

PROUD COMMUNITY PARTNERS

We are proud to partner with Mothers Against Drunk Driving (MADD) Canada. Our "Go Responsibly with Nibly" campaign brings together our commitment to better choices, from the snacks we serve to the communities we support; with MADD Canada's mission to end impaired driving and support victims and their families.

Each participating Nibly vending machine features a rotating MADD Canada donation screen, signaling to customers that every purchase supports safer communities. Information about local MADD Canada initiatives is also shared directly through the machine's digital display.

Locations across the country are embracing this partnership by hosting Nibly machines co-branded with MADD Canada and customers are responding. When people know their snack or drink choices help drive real impact, they come back again and again.

**Support safe driving —
Nibly vending machines
support MADD Canada.**

Locations Love Nibly

Today's customers are looking for better snack and drink choices on the go. With demand for premium, healthy options on the rise, Nibly vending machines are the perfect fit for modern spaces. Locations love offering an upgraded experience — and customers love having their favourites just a tap away.

- Dance Studios
- Schools
- Fitness Centres
- Leisure Centres

**Post-Workout
Treats?
We Got 'Em.**

Think Outside the Coil

INTRODUCING NIBLY'S SMART LOCKER

Vending lockers are becoming a smart way to dispense products that do not fit in traditional coils. You may have seen lockers popping up in shopping malls and grocery stores, or for retrieving online shipping items.

Where vending lockers thrive, is in vending for higher ticket bulk items. Things like a box of laundry pods, family-sized potato chips, sports equipment, travel accessories, toys, gifts, and more. There are so many items that make sense for many different locations!

The Nibly Locker can be added at any time and operates using the Nibly Vending Machine touchscreen and payment device. Just attach it to your machine, stock it up, and watch your retail reach grow.

NIBLY VENDING LOCKERS ARE PERFECT FOR:

Travel pillows, headphones, reusable water bottles, baby formula, pool towels, toilet paper, laundry detergent, and so much more!

SMART LOCKER FEATURES:

- 19 Locker Units
- Locker Storage
- For Oversized Products
- Shatterproof Glass
- Nibly Branding
- Nibly Vending Compatible

Ask your Nibly Rep about special start up package pricing on lockers!

FREQUENTLY ASKED

Q: I love the idea of joining you as a partner! Do I have to quit my job?

A: No, owning Nibly vending machines can be started as a part time business. We suggest you build your route until the income meets or exceeds your current salary. At this point, you make the decision to move into full time business. The important thing is that you are in control.

Q: Do I need a truck or any special equipment?

A: No, you do not need more than your car and a cell phone to get started. Once you build your business to a larger scale you may consider having a company vehicle to service your accounts.

Q: Where do I purchase products for my Nibly vending machines?

A: We will assist you and introduce you to premium product wholesalers. Once registered with these suppliers you will then order your product direct at the best prices, with no third party mark-up. Orders are received within a few days to ensure fresh tasting products, every time. There is no “middle-man” and you save money with the best possible wholesale pricing. Orders can be placed online or with a customer service representative by phone.

Q: What product do I put in my Nibly vending machines?

A: We will give you a list of the best selling products to get started. Once you are up and running at your locations, your customers (and sales) will tell you exactly what product mix they want. It's just a matter of getting the requested product to your locations and continuing to listen to your customers to “fine tune” your menu.

Q: How do I find locations to place my Nibly vending machines?

A: You make the decision on this. Some Nibly operators choose to find their own locations. Other operators choose to enlist the services of an independent professional locator. Prior to starting, you and the locator will work closely and discuss the specific areas where you want to place your machines, the types of locations that interest you, and the locator will work to help secure these locations for you.

Q: Do you offer in house financing?

A: Yes! We offer financing for expansion centres, just invest some profits to reorder more machines and you will lock in a reorder price based on your starting package.

Q: How quickly can I get started?

A: Once you have submitted your application and are approved as a partner, we will schedule your equipment package and delivery date. In just a few weeks, you'll be set up to start running your own small business!

Steps to Getting Started

By now, you're probably seeing just how exciting the Nibly vending opportunity really is. It could be your chance to add a new income stream, start a business of your own, or even build an exit plan from your current 9-to-5.

We're actively reviewing applications for new partners and operators in key markets across Canada. Business experience is great, but what we really look for is a strong work ethic, a smart attitude, and the drive to succeed. **If that sounds like you, let's get started!**
